## “Great accomplishments start with great aspirations”

The Magazine Committee feels deeply honoured to launch the college annual magazine SANJEEVINI 2023. The past 2 years have been unusual and challenging, but it is enthralling to see how despite all the hardships we have managed to accomplish great things. Right from academics, to sports, cultural activities, literary events and everything else, students and professors have out shown and displayed masterpieces of their capabilities.

So many different people, so many different ideas and perspectives, led us to think how diverse we are, yet we all find ways to express ourselves in the best way we can. Of all the things we wear, our expression is the most noticeable.' With great pleasure, we put forward a dynamic piece of creativity, freedom, self-expression, enthusiasm through this magazine, which is an amalgamation of our year long work with the blend of unique taste from each one who has contributed in making it a success.

We would like to take this opportunity to congratulate all the students for their achievements in both academic as well as extracurricular activities. We would also like to express our gratitude towards our Principal, Vice Principal, Teachers and Students for all the support and encouragement in the making of SANJEEVINI. We hope we have done justice to this edition.

# "The Unsung Generics"

They don't wear brands or shiny tags,  
No glossy ads or lavish bags.  
But in their strength and tested might,  
They help the world sleep well at night.  
No patents left, no banners bold,  
Yet still they cure, just like the old.  
With every dose and every strip,  
They sail the same pharmacologic ship.  
Bioequivalent, they prove their place,  
In hospitals, homes, and every case.  
Cheaper, yes but not less true,  
They do what branded drugs can do.  
For every name that doctors shout,  
A generic waits, without a doubt.  
A healer too, just less adorned,  
With equal power to transform.  
So next time when you see the pack,  
Without a brand upon its back  
Remember this: the cures not lost,  
It's saving lives at lesser cost.

**Advita Ganachari**  
Pharm.D 2nd Year

Generic drugs must meet the same quality, strength, purity, and stability standards as branded drugs, as per WHO and FDA guidelines.

# A Journey in White Coats

## A Journey in White Coats

In quiet corners and bustling halls,  
We found ourselves within these walls.  
Between the books and crowded canteens,  
We lived our youth; we chased our dreams.

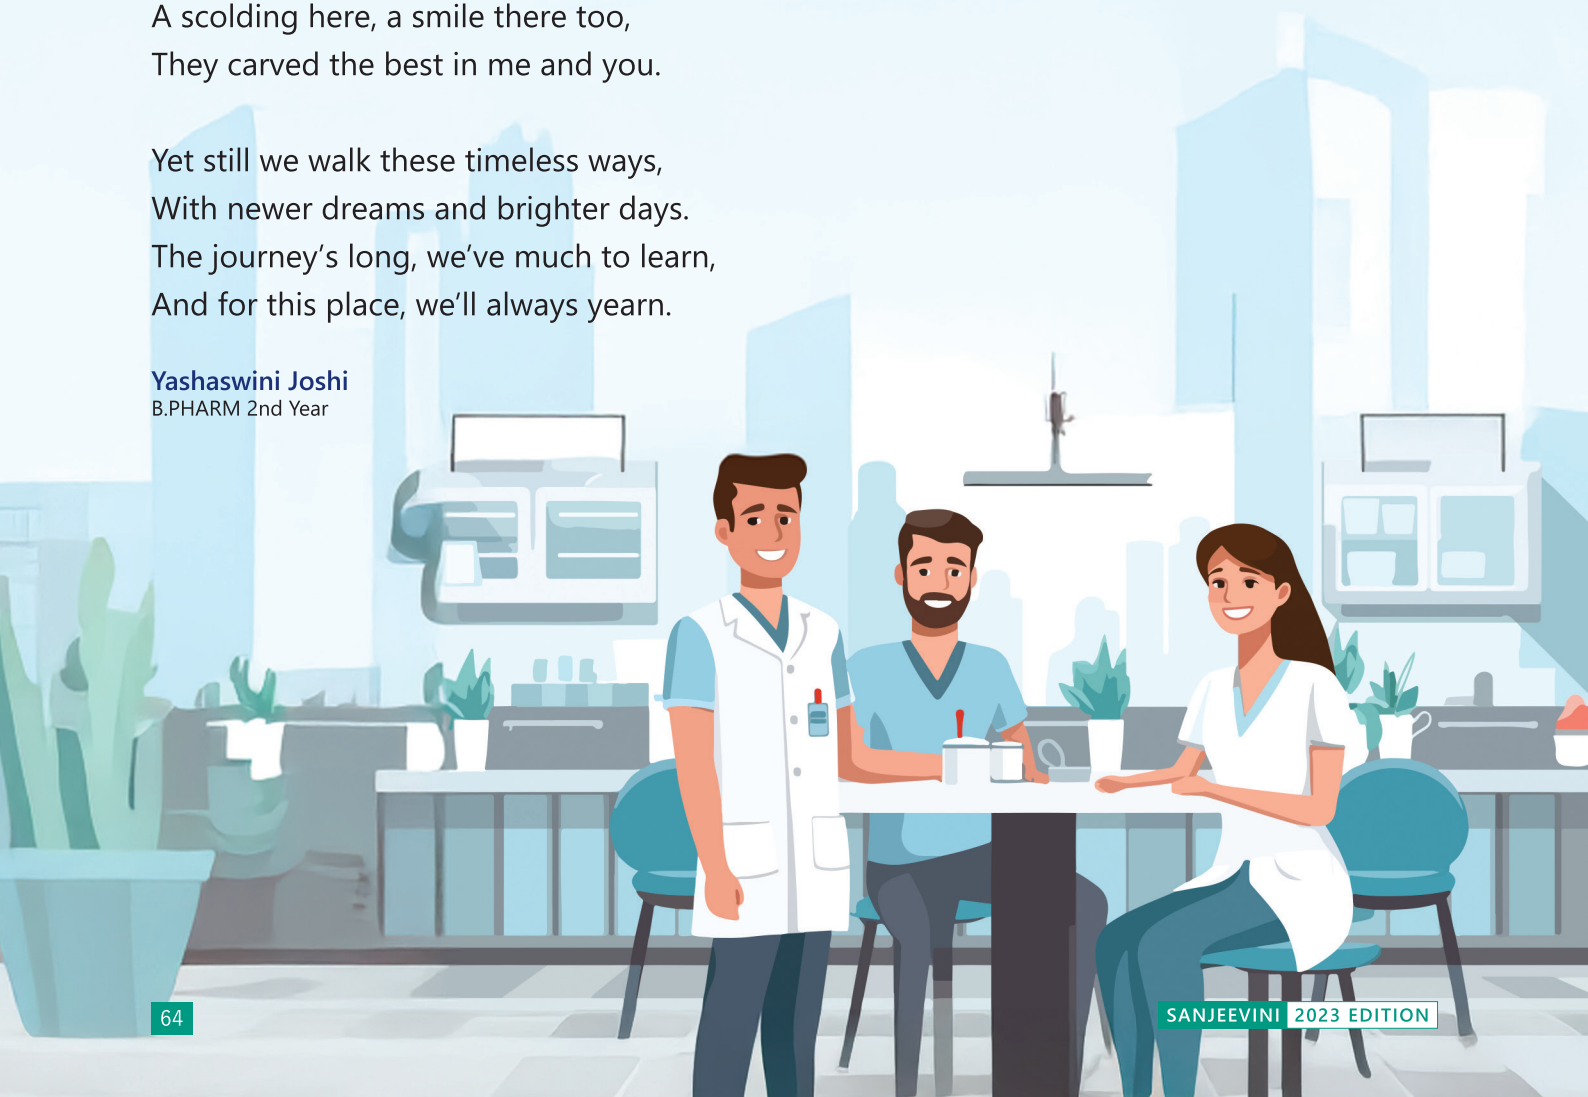

The clock hands moved, the semesters flew,  
With every class, we somehow grew.  
A late-night chat, a fest so grand,  
Those moments slip like grains of sand.

From sleepy mornings, coffee in hand,  
To group talks we half understand  
Each laugh we shared, each tear we hid,  
Our actions hold stories that reflect our experiences.

Professors' words we now recall,  
The ones that shaped us, after all.  
A scolding here, a smile there too,  
They carved the best in me and you.

Yet still we walk these timeless ways,  
With newer dreams and brighter days.  
The journey's long, we've much to learn,  
And for this place, we'll always yearn.
